

SC **Reproduction Relationships**

File Size, File Dimension, Resolution

file size of **both** images is 706.6 kb

both are suitable for hi-res output: one has to be resized first

print: the 72 ppi image would have to be **resized** (150 ppi up) in the dialogue box (not **resampled**)

web: the 300 ppi image would be **resampled down** to 72 ppi

1) **file size** determines content quality

2) **dpi settings** determine dimensions (W x H)
